Mainlining Murder

Lars Frederiksen & The Bastards

Well don't touch me baby your finger tips they feel like pins across my skin
just light another cigarette so I don't regret, inviting you over
Well don't hold my hand or I'll punch your face
I'm a hungry rat in this hole I waste
There's no blood to taste in this awful placeI'm mainlining murder
I'm mainlining murderMainlining murder baby
You know I'm mainlining murder baby
Cause I'm mainlining murder baby
You know I'm mainlining murder babyWell I'll creep in your room when your not there
Well I'll creep in your head and I'll creep in your bed
And your walls will be stained with the blood that you bled I cut you open
Well I'll roll your pieces in a shower curtain and then
When it's all said when it's said and done
Well we had some fun yeah me and youI'm mainlining murder
I'm mainlining murderMainlining murder baby
You know I'm mainlining murder baby
Cause I'm mainlining murder baby
You know I'm mainlining murder baby
GO!!!I want you to bleedMainlining murder baby
You know I'm mainlining murder baby
You know I'm mainlining murder baby
Mainlining, mainlining, mainlining, mainlining murderWell I'm mainlining murder baby
I said I'm mainlining murder babyYou broke my heart I dug you a ditch and now
I'm coming after you you dirty bitch
I'm gonna murder you
I'm gonna murder you
I'm gonna murder you
Murder you, murder you
I'm gonna murder you
Murder you, murder you
