

Disciples of Death

The Walker Brothers

I speak
To the
Opening eye
Only fools live
To die
Disciples of death
Watch
The shaft fly
Disciples of death
Watch
The shaft fly

Red
The fresh blood
A whirling turning colour
Burns
On a diamond star
Fresh blood
Burns
On a diamond star

To
Feed
On the ritual sight
The will
And flesh alike
Return
Into night
Through
The Light-Strike
Return
Into night
Through
The Light-Strike

Red
The fresh blood
A whirling turning colour
Burns

On a diamond star

Fresh blood

Fresh blood

Fresh blood

Fresh blood

Burns on

A diamond star
