Short Fuse

Obey the Brave

I will remain (undefeated)
A new reign, at the top of the food chain
I will remain (undefeated)
Never back out cause they get what I'm about
I will remain (undefeated)
Go ahead, and do your best
There's fire in my head, condition in my chest
I'll defend with this lactic aid
Keep running your mouth, I won't lose sleep
All call, I'll rise on the tip of your tongue
No one, your song shall be left unsung
Freedom like my own choice
Wide awake, I'll raise my voice
So raise your voice, raise your voice
And open fight to never let up
We're living it up, won't ever let up
So raise your voice, raise your voice
And open fight to never let up
And if I fall I'll rise back up
I will remain (undefeated)
A new reign, at the top of the food chain
I will remain (undefeated)
Never back out cause they get what I'm about
I will remain (undefeated)
Real to, bring you one more time
Walls I'll break through, mountains I'll climb
Those sheep, but my actions speak
Keep spreading lies, you act like sheep
All call, I'll rise on the tip of your tongue
No one, your song shall be left unsung
Freedom like my own choice
Wide awake, I'll raise my voice
So raise your voice, raise your voice
And open fight to never let up
We're living it up, won't ever let up
So raise your voice, raise your voice
And open fight to never let up
And if I fall I'll rise back up
Alright alright alright

Oh oh oh, pointing fingers with dirty hands
Oh oh oh, pulling triggers, no backup plans
Cause spitting venom, I've got the antidote
I will sink your boat, you'll sink like teeth in your throat
Oh oh oh, I will never stop
So raise your voice, raise your voice
And open fight to never let up
We're living it up, won't ever let up
So raise your voice, raise your voice
And open fight to never let up
And if I fall I'll rise back up
I will remain (undefeated)
I will remain (undefeated)
I will remain (undefeated)
