Full Throttle

Massive

I believe we're born to die
It's all part of the game
I have stood the test of time
I'm going round again
I have seen the next turn
It's racing through my head
I don't need to slow down
Cause I bleed AdrenalineFoot on the throttle, I'm not stopping
On my way to hell
Engines running, yeah I'm coming
Catch me if you can
Foot on the throttle, I'm not stopping
On my way to hell
Engines running, yeah I'm coming
Catch me if you canHell is stalking, the dead man walking
Catch me if you can
Pressure's on, the loaded gun
I'll fight for every breath
Paranoia's creeping in
They're coming after me
Bring it on, I'm on the run
Just you wait and seeFoot on the throttle, I'm not stopping
On my way to hell
Engines running, yeah I'm coming
Catch me if you can
Foot on the throttle, I'm not stopping
On my way to hell
Engines running, yeah I'm coming
Catch me if you canNa na na na you'll never catch me
I'm just reckless, lost and crazy
On the edge you'll never save me
Bulletproof and underrated
Knock me down the fires burning
Uncontrolled the end is coming
I'm right here just try and stop me
WhoaFoot on the throttle, I'm not stopping
On my way to hell
Engines running, yeah I'm coming
Catch me if you can

Foot on the throttle, I'm not stopping
On my way to hell
Engines running, yeah I'm coming
Catch me if you canIt's a long long way to hell
