

New Life

Antestor

Insanity look for yourself, satan rules this world
destruction he is the source he is after your soul

To save us from the hellish pain, God sent Jesus Christ

Crucified for all our sins, He felt the horror and pain
New life He rose again / New life He came to give
New life to a world of hate / New life you came to receive

New life He sets sinners free / New life he is for us

New life can be born today / New life for you
Condemed burned in holy flames

God you can stand his presence

The law you cannot be saved

Man sin is in your way / Love the holy and pure

Done what man couldn't do

blood cover your sins/ Jesus offered his life
