

It Comes Back To You

Imagine Dragons

4am beside myself
and what I think of mental health
 all the things that worry me
 all the things you don't believe
 I've been told just what to do
 where to look and point my view
 all the things that I could be

I think I learned in therapyam I just a shadow you drewit comes back to you, it comes back to you
 all the things that you had lost will find their
 way to you

it comes back to you, it comes back to you
 looking back into the past and I can
 see it throughit comes to back you oh oh (x3)

it comes back to youmocking birds and diamond rings
 oh I have thought of greater things
 all the things that fly by me
 all the lives that I could lead
 maybe I was born for that
 or maybe I was first to last
 you could call it cowardice

but leave me to my studied blissam I just a shadow you drew[repeat chorus]it comes to back you oh oh (x3)
 it comes back to you
