

Pressure (iTunes Originals Version)

Staind

I just need this to be alright
I can't feel this another night I can't take this I come unglued
I might breakdown in front of you
Necessary to medicate
I'm not sleeping, can't stay awake Can't see through this
Too much pressure
Drowning in this
Too much pressure If you need me I'll be here
Half unconscious to escape my fear I can't take this I come unglued
I might breakdown in front of you
Necessary to medicate
I'm not sleeping, can't stay awake Can't see through this
Too much pressure
Drowning in this
Too much pressure My head hurts this shit isn't getting me high
My chest is so tight I think I am going to die
My stomach's in knots and the room starts to spin
As I wait for this Valium to slowly kick in Can't see through this
Too much pressure
Drowning in this
Too much pressure
