

# Hayati (feat. Can Demir)

[Furkan Soysal](#)

She is disappearing and she won't turn back  
She was close and seems so far  
I reach out my hand and  
I try to stand  
She disappears and seems so far  
Reach out my hand and I try to stand  
Hayati  
My everything, you'll never end  
Hayati  
I'll always be with you there  
Be sure we think of you all the time  
And anywhere  
We think of you all the time  
And anywhere
