

# How Many Times

Peter Cetera

How many tears have you cried?  
How many eyes have you dried?  
How many ways have you tried?  
And don't you get tired of people sayin'  
How many times, how many times? How many dream have been bad?  
How many nights have been sad?  
How many days have you had? When you get tired of people sayin'  
How many times, how many times?  
How many times, how many times? How many tears have you cried?  
How many eyes have you dried?  
How many ways have you tried?  
And don't you get tired of people sayin'  
How many times, how many times? I said, tired of people sayin'  
Don't you get tired of people sayin'  
How many times, how many times? How many times, how many times?  
How many times, times, times, times  
Times, times, times, times, times?
