Fired Up

Ultraviolent

Here she comes
With her long blonde hair
I love the way she walks
And I don't care what comes out of her mouth
As long as I can hear her talk

She's mine, and I want it all the time
But I can't get enough
She's got me wrapped around her finger
We're all fired, we're all fired up

Oh that smile
It'll get you every time
That and her crystal clear blue eyes
She had me in such a frenzy
Along with every other guy

Here she comes
She knows everyone stares and looks at her strut her stuff
She'll reach out and grab your heart
No one can ever get enough
Oh yeah, well that's her, yeah
