

# Walk These Dogs

Dmx

On and off the leash, I'm a beast  
No one ever gonna cross me in the streets  
My only worries if I'm gon' eat because  
We gon' walk these dogs  
Yeah nigga, live it how I spit it  
Look at how I walk it, y'all niggaz could get it  
But it must all go down, X is wit' it because  
We gon' walk these dogs  
You got it living back livin' with salt  
I'ma bring it back 'cause I'ma go hard  
Fuckin' til' a nigga play the yard  
We gon' walk these dogs  
Gettin' down has never been an issue  
I'ma bust my gun and not gon' miss you  
Hate the smell of the slug burnin' the tissue  
We gon' walk these dogs  
Nigga bust up all the thugs  
It's about to get real out of hand dog  
Better get your man dog  
Hit 'em and leave him where niggaz can't stand dog  
It's your man dog  
Nigga bust up all the thugs  
It's about to get real out of hand dog  
Better get your man dog  
Hit 'em and leave him where niggaz can't stand dog  
It's your man dog  
You better come in and get him now  
Better grab his arm and sit him down  
Nigga leave him in his house, I'm a put him down  
We gon' walk these dogs  
We don't give a fuck about you  
You talk real slick Homie, But we doubt you  
Got slugs that a put a nigga right back out you Cause  
We gon' walk these dogs  
I'm right here now nigga what up  
Always talkin' about how you could of, would of  
But never doin' shit, 'cause you sweeter then sugar  
We gon' walk these dogs

Go on now, I'm not the one

Kashmir 7:30 about to pop the gun  
Have your mom's on the news screamin', 'Not my son?', 'cause  
We gon' walk these dogs  
Nigga bust up all the thugs  
It's about to get real out of hand dog  
Better get your man dog  
Hit 'em and leave him where niggaz can't stand dog  
It's your man dog  
Nigga bust up all the thugs  
It's about to get real out of hand dog  
Better get your man dog  
Hit 'em and leave him where niggaz can't stand dog  
It's your man dog  
Don't fuck wit' things you don't know about  
I'll have a Smith and Wesson to show him out  
Take him to the desert and blow him out 'cause  
We gon' walk these dogs  
Right to the streets, with the heat  
Until I find something to eat, so don't sleep  
Fuck around, thinkin' it's sweet, 'til a nigga creep 'cause  
We gon' walk these dogs  
Don't cry now, it's too late  
I'ma empty ya' stomach of that shit you ate  
One time in the park, make a nigga lose weight, because  
We gon' walk these dogs  
Bigga, betta, stronga, fasta  
Fuck a bitch longa if I have at to  
And then I will cap her directly after 'cause  
We gon' walk these dogs  
Nigga bust up all the thugs  
It's about to get real out of hand dog  
Better get your man dog  
Hit 'em and leave him where niggaz can't stand dog  
It's your man dog  
Nigga bust up all the thugs  
It's about to get real out of hand dog  
Better get your man dog  
Hit 'em and leave him where niggaz can't stand dog  
It's your man dog
