

# John Lennon

## The Outfield

A soul full of anger but nothing to show  
A world wrapped in cotton but nowhere to go  
Obsessed by a woman that you didn't know  
Don't turn around, don't turn around  
Torn between lovers, both mothers as well  
A mind a prison, a heart in a cell  
If only the screams could be heard from this hell  
Don't turn around, don't turn around  
You were surprised by a girl in the sky  
Who changed everyone  
And as your life became so mystified  
There was a lonely heart left by the side  
Tomorrow could never be just one more day  
Confused by an image refusing to stay  
The child in your mind always wanted its way  
Don't turn around, don't turn around  
Then on a day in your life  
Still remembered by everyone  
There was a man with a gun at his side  
You and your monkey had nowhere to hide  
He was the man that was sent from the rye  
Don't turn around, don't turn around  
So many things on his mind  
I'm not sure if he knew why he blew you away  
I can't decide if it's true  
What he thought on that day  
Don't be afraid when the day turns to night  
Don't be ashamed when I turn out the lights  
Call out my name and I'd hold you so tight  
Don't turn around, don't turn around  
Don't be afraid when the day turns to night  
Don't be ashamed when I turn out the lights  
Call out my name and I'd hold you so tight  
Don't turn around, don't turn around  
Don't be afraid when the day turns to night  
Don't be ashamed when I turn out the lights  
Call out my name and I'd hold you so tight  
Don't turn around, don't turn around
