

Enter Galactic (Love Connection, Pt. I)

Kid Cudi

Okay, so you've never done this before and that's cool and all but I want you to try this one, let's go, don't worry...[Chorus:]

Get ready, pop it, let's go, enter galactic you and me, enter galactic you and me [x2][Verse 1:]
I once dreamt of peace until I found you, once upon a time baby, I once had a dream so sweet until I had a taste of you,

once upon a time baby, reaching out to outer space dancing to awesome sounds, this all new to you?
Reaching out to hold your clothes so I don't slip away, explore a new approach, a whole new free I say[Chorus:]

Get ready, pop it, let's go, enter galactic you and me, enter galactic you and me [x4][Verse 2:]
I know it's easy to imagine, but it's easier to just do, see, if you can't do what you imagine, then what is imagination to you?

Just a waste of space in your brain, to take the place of hate, or things all the same,
tell me your secrets the things that make you tick, I like it when you talk because your voice is angeles (aye),

I want to kiss you on your space below your naval-et, the taste that you keep neat, so moist like...
towlet, this will mark the day our minds and souls will connect, let's not forget the sex, my heart you can't collect (now now),

yeah my heart you can't collect (now now), my heart you can't collect (yeah yeah),
have just one more gap (babe babe babe), have just one more stem babe.[Chorus:]
Get ready, pop it, let's go, enter galactic you and me, enter galactic you and me [x2][Verse 3:]
Pop it, ready, go, let it, take take take take over, get ready, pop it, let's go, get ready,
le-le-let take it over, get ready, pop it, let's go, take it, just let it, take take you over, get ready,
let's go, let's go, hey[Chorus:]

Get ready, pop it, let's go, enter galactic you and me, enter galactic you and me [x4][Outro:]
Soon after falling into a deep but psycheldeic state to escape the prison of our reality
a hero becomes trapped in his own peaceful place which immediately becomes his sanctuary,
a place filled with his wildest dreams, this is his new home.
