

Fight/Flight

I Was Totally Destroying It

It doesn't hurt a bit, it's only in your head
You're walking on a wire, you're hanging by a thread
It doesn't hurt a bit, it's only in your head
Whisper hello, out from below
You're not gonna find me there
Bite down on this, it's only in your head
Whisper hello, out from below
You're not gonna find me thereâ€¦
