

# Forgiveness Is Gold

[Eric Bibb](#)

Peace on Earth, you know it begins in our hearts  
You know it's worth, nothing less than our survival  
Paradise, a state of mind  
Make the choice, leave war behind Love is real, fear is just a dream  
Love is all, nothing else is what it seems  
Forgiveness is gold  
Forgiveness is gold Curse or bless, what's your preference?  
Either way, makes a difference  
Every thought, word and deed, brings us one step nearer  
To more suffering or healing, all is one Love is real, fear is just a dream  
Love is all, nothing else is what it seems  
Forgiveness is gold  
Forgiveness is gold
