

Meet Me at the Corner

Red Hot Chili Peppers

Please don't ask me who
Who you think I am
I could live without that
I'm just a modest manMeet me at the corner
And tell me what to do
'Cause I'm messed up on you
And had I known
All that I do now
I'm guessing we're thru now
Receding into the forest
I will lay around in wait
And I'll wait for you
Please don't ask me where
Where you think I've been
I've been a lot of places
But this could be my winMeet me at the corner
And tell me what to do
'Cause I'm messed up on you
And had I known
All that I do now
I'm guessing we're thru now
Receding into the forest
I will lay around in wait
And I'll wait for youI feel so bad
I thought you'd wanna know
I feel so bad
I thought you'd wanna know
Something I want to show
I thought you ought to know
Please don't say you want
To keep in touch out there
To see you on the corner
Well that I just can't bearMeet me at the corner
And tell me what to do
'Cause I'm messed up on you
And had I known
All that I do now
I'm guessing we're thru now
Receding into the forest

I will lay around in waitHey and I turn
I turn my head when I thought
I saw a sign
From the gods
A sign from the gods
That you weren't meant to be mine
And it's fineTakin' it all for a ride
Until the day when it's gone
Mystified by where
It all went wrong
When it's goneI live and I learn
And I lose and I win
But it's better than ever
Whenever I'm in
I thank you girl
For everywhere that we've been.
