

Changes

Yes

I'm moving through some changes
I'll never be the same
Something you did touched me
There's no one else to blame
The love we had has fallen
The love we used to share
We've given up pretending
As if you didn't care
Change changing places
Root yourself to the ground
Capitalize on this good fortune
One word can bring you round
Changes I look into the mirror
I see no happiness
All the warmth I gave you
Has turned to emptiness
The love we had has fallen
The love we used to share
You've left me here believing
In love that wasn't there
Change changing places
Root yourself to the ground
Word to the wise, well you get what's coming
One word can bring you round
Changes But when I look into your eyes and try to find out how
There's no way to save it now and everything I feel
Changes
Keep looking for
Changes
Changes For some reason you're questioning why
I always believe it gets better
One difference between you and I
Your heart is inside your head
One word from you, one word from me
A clear design on your liberty
Who could believe when love has gone
How we move on like everyone
Only such fools
Only such jealous hearts
Only through love changes come
Change changing places
Root yourself to the ground
Capitalize on this good fortune
One word can bring you round
Changes One road to loneliness
It's always the same
One road to happiness

It's calling your name Change changing places

Changes

Root yourself to the ground

Capitalize on this good fortune

One word can bring you round

Changes Change changing places

Changes

Root yourself to the ground

Word to the wise, well you get what's coming

One word, one word can bring you round

Changes
