

Honest (Nina Las Vegas remix)

Dawn Richard

[Intro]

Just gotta be honest

Just gotta be[Verse 1]

I never really got over that dumb shit you put me through

Still bringing up old shit like its brand new

Just gotta be honest

Loving you is like smoking spliff

It's a temporary high laced with side effects

Damn, I rather be honest[Verse 2]

I can stay, but it's draining trying to love you

Pity fools who keep running back so pitiful

I rather be honest

The sex is is good, so good that I get clouded vision

I think that love is good

That shit ain't good

That shit no good[Chorus]

I rather be honest

I love you

Just gotta be honest

Wanna be next to you

Right next to you

I hate you

Hate you unless I'm touching you

Then I love you

Then I want you

Shit should i feel like this

I smoke until I choke on you

I'm over you

I'm not over you

I rather be honest[Verse 3]

I wanna be over you

I wanna lay right next to you

I wanna be away from you

I love you

Can't with you

I wanna be right next to you[Chorus 2]

I rather be honest

I'm not over you, not over you

Honest

Wanna be next you, Right next you
I rather be honest
I'm not over you, not over you
Honest
Wanna be next you, Right next you
I hate you
Hate you unless I'm touching you
Then I love you
Then I want you
Shit should i feel like this
I smoke until I choke on you
I'm over you
I'm not over you
I rather be honest[Bridge]
I just wanted to be honest
