

# Rules

## 6LACK

[Intro]

Ha, ha, ha

Working on my rules, yeah

Oh yeah, oh yeah, oh yeah, yeah, yeah, yeah

Yeah-yeah-yeah, yeah, yeah

Yeah, yeah[Verse 1]

If my ass give her too much

Like all my vouchers are all used up

Like do you really want a new love?

Feel like you're out here tryna choose up

Look I've been out here doing backflips

Like I was training for Olympics

To all the niggas tryna pocket watch

You know that bag got a little bit[Hook]

My rules, working my rules

Working on my rules, working on my rules

Rule number one

Rule number two

Working on my rules, working on my rules

Rule number one

Rule number two[Verse 2]

Rule number one no explaining

Rule number two no complaining

10,000 hours like it's nothing

I take my hardest times and turn 'em into something

Don't you lie, don't tell me lies, I don't fuck with that

I tell truth and nothing but it, I'm in love with that

Running through my rules telling you what not to do

Why don't you keep that fake shit and lose your attitude

Know I'm on that Henny

Quick to pull a kidnap

Realest on the [?]

We don't do pretenders

So you should never (?)

Or we gon' 'em dinner[Bridge]

Working on my rules, yeah, my rules

Follow or you lose

Working on my rules, yeah, my rules

You know me to choose

I've been feeling new  
You should let me teach you how to move  
I've been working on my rules  
I've been working on my rules[Hook]  
My rules, working my rules  
Working on my rules, working on my rules  
Rule number one  
Rule number two  
Working on my rules, working on my rules  
Rule number one  
Rule number two[Outro]  
Tell you where I'm at  
I was setting these rules, they was running off track  
I'm on a high, we on the way  
I'm on a high, we on the way  
Disobey my rules and we got problems  
And I just came out for six years of them shits  
Exits the labels and being homeless  
I didn't have it, wasn't able  
Now I could own it, that's if I want it  
I'm way too young for your shit  
Way too young to be this lit  
Working on my rules  
Lot of rules that I learned growing up in Zone 6
