Solarisphere

Orange Goblin

You and I, we should make this flight tonight
We'll transcend through the psychic wall of light
Paint the sun psychedelic and we'll disappear
Beyond the mauve horizon in the land, SolarisphereYou can't find me, inside my brain
The Astral Master has gone insane
So we build a sunrise, and you leave me here
Majestic weaveworld, SolarisphereWe'll travel time in our spaceship made of stone
We'll fill our minds with a vision of our lunar home
For I believe, inside the sun there's a purple sky
So come with me now baby, to the land where the dragon ridesYou can't find me, inside my brain
The Astral Master has gone insane
So we build a sunrise, and you leave me here
Majestic weaveworld, SolarisphereYou can't find me, inside my brain
The Astral Master has gone insane
So we build a sunrise, and you leave me here
Majestic weaveworld, SolarisphereWhen we see a thousand stars that kiss the haze
We meet the man that sets the setting sun ablaze
Paint the sun psychedelic and we'll disappear
Beyond the mauve horizon in the land, SolarisphereYou can't find me, inside my brain
The Astral Master has gone insane
So we build a sunrise, and you leave me here
Majestic weaveworld, Solarisphere
