

# We Grow

## Elmo

Let me hear them all  
The stories of your life  
Right from the start  
Just give me your heart Let me walk the road  
All the mountains you have climbed  
Stretch out my hand  
Reach for your stars Because we made time stand still  
We had the chance to make it happen

(CHORUS)

Because we grow, and we hold  
And I'll be forever  
So don't you look back  
Take my hand We'll make it happen  
And we grow, and we hold  
And I'll be forever  
So don't you look back  
Take my hand  
We'll make it happen Now we're standing here  
The story of our lives  
We faced all our fears  
Opened up the skies Now we walk as one  
We stood the test of time  
Then you let me in  
The story begins  
Because we made time stand still  
We had the chance to make it happen (CHORUS )

Because we grow, and we hold  
And I'll be forever  
So don't you look back  
Take my hand  
We'll make it happen  
And we grow, and we hold  
And I'll be forever  
So don't you look back  
Take my hand  
We'll make it happen
