More Than the Man

Paul Humphreys

Well I'm changing over night trying to get it right
Sittin on the curb underneath this old street light
In a puddle there I see you walkin there with me
It starts to gettin late I'll realize your all I ever
Need your all I ever needCast your worries aside leave 'em there where
They lie we don't need to let 'em get in our way
Tonight so when you come back around maybe
Then you'll see I'm More Than The Man
That I use to beOnce in a lifetime it'll happen like this
I need your arms around me I need to feel your
Kiss I don't know where this road leads
Can't we just enjoy the ride I'm not great at
Mending hearts but I'm surely gonna tryCast your worries aside leave 'em there where
They lie we don't need to let 'em get in our way
Tonight so when you come back around maybe
Then you'll see I'm More Than The Man
That I use to beCome along and I'll take you to a place I use to
Go where I hung out as a kid at an outdoor
Rodeo there's still a lot of memories for both of
Us to share just go easy on my heart
And we'll know when we get thereCast your worries aside leave 'em there where
They lie we don't need to let 'em get in our way
Tonight so when you come back around maybe
Then you'll see I'm More Than The Man
That I use to be
Honey I'm More Than The Man
That I use to be
I'm More Than The Man
That I use to be
I'm More Than I use to be
