

# If You Were Mine

## Boyzone

I see what he's doin' to you  
And it hurts me so  
I wish I could steal you away  
But you just won't go  
Somethin's holdin' you close to him  
Somethin' I can't see  
But come that day that you've had enough  
I pray you come running' to me  
Cause if you were mine  
You'd know how good love could be  
And if you were mine  
I'd love you eternally  
if you were mine Everytime I see your face  
It lights up my day  
But I watch you passin' me by  
and my sky turns grey  
Maybe someday you're gonna see  
I'm the one for you  
Till then I'll just have to wait  
For my dreams to come true Cause if you were mine  
You'd know how good love could be  
And if you were mine  
I'd love you eternally  
If you were mine My friends keep tellin' me to let go  
But what I feel they'll never know  
I can't stop my heart beatin' so strong for you  
But you're with him and not for me  
Baby it's as sad as it can be.
