

Notice Me Senpai (feat. Weebl)

Ihascupquake

Senpai I saw you at school today
Took your picture then I snuck away
I want you to notice me but I'm just someone you don't notice still
I think I've got a rifle I have to kill

Please notice me Senpai
Please notice me Senpai
Please notice me Senpai
Or others will have to die

Please notice me Senpai
Please notice me Senpai
Please notice me Senpai
Or others will have to die

My heart beats faster when I'm near you
I get so nervous I don't know what to do
I don't mean to seem a loofa got to push another student off the roof
Then I drag her body to the furnace to destroy all the proof
Why won't you?

Please notice me Senpai
Please notice me Senpai
Please notice me Senpai
Or others will have to die

Please notice me Senpai
Please notice me Senpai
Please notice me Senpai
Or others will have to die

Everyone else must die
Baby you and I
Baby you a Savage
There's no wear to hide
But I don't know why
But please why won't you notice me Senpai

Please notice me Senpai
Please notice me Senpai

Please notice me Senpai
Or others will have to die
