Unpredictable

5 Seconds of Summer

She sits at home with the lights out
Seeing life in different colors
I think it's time that we wake up
So let me take you awayWe can run down the street
With the stars in our eyes
We can tear down this town
In the dark of the night
Just open the door
We've got time on our side
We can make it out aliveChorus
Hey we're taking on the world
I'll take you where you wanna go
Pick you up if you fall to pieces
Let me be the one to save you
Break the plans we had before
Let's be unpredictable
Pick you up if you fall to pieces
Let me be the one to save youIt took so long to convince you
I knew I had to show my colors
You never wanted to be rescued
But now we're drifting awayWe can run down the street
With the stars in our eyes
We can tear down this town
In the dark of the night
Just open the door
We've got time on our side
We can make it out aliveChorus
Hey we're taking on the world
I'll take you where you wanna go
Pick you up if you fall to pieces
Let me be the one to save you
Break the plans we had before
Let's be unpredictable
Pick you up if you fall to pieces
Let me be the one to save youEarthquakes won't wait for another day
Don't say I know
I never said it, I never said it, oh
One day we can make it out aliveChorus
Hey we're taking on the world

I'll take you where you wanna go
Pick you up if you fall to pieces
Let me be the one to save you
Break the plans we had before
Let's be unpredictable
Pick you up if you fall to pieces
Let me be the one to save you
So let's go!
Till we've lost control
And we'll stumble through it all
Let's do something new and unpredictable
