

All Your Lies

Soundgarden

All your fears are lies

All your fears are lies

All your fears are lies

All your fears are lies

_____? [unknown line]

Clipless, falling, limping, crawling, biting, fighting

Back from dying

Endless ending

And comprehending

Nothing

Of the scent she's sending

Loosely buying the tv lie

And the maggot man will never cry

Corralled like a cat

With my head hit the sack

And I feel like I'm tied to the railroad track
