## Derek Minor

I came from the bottom of the bottom of the bottom  
Southside Yayoutn, they used to move work next to mi casa  
Mama met the Lord and deep inside she started changing  
Moved us to the South so we would have a chance to make it out  
I grew up watching her break her back to put food on our table  
Worked herself until she almost died, was barely able  
It's where I get my work ethic from  
She said, "I see what you been building, please be humble son"  
She know just where we came from  
They not on tv where we came from  
They don't win no trophies where we came from  
From the bottom of the bottom  
From the bottom of the bottom  
I can't let my self be blinded by these stage lights  
Scared I'll lose myself in all the hype, call that stage fright  
Flying coast to coast and eating things that I can't pronounce  
The homes I grew up in combined fit in where I'm sleeping now  
That ain't why I started, this was passion on the page  
Told the Lord, I do this till I die, just for his name  
Maybe, that's why I'm so focused I don't play no games  
If we made off in his image, that must mean we great  
If you know where I came from  
Said we ain't have no value where I came from  
God was right there where we came from  
Even on the bottom of the bottom  
On the bottom of the bottom  
This is greatness  
They wanna know where I be at, my bad, sorry for the wait  
I had to re-up with E-1 and make sure the paperwork is straight  
Signed the dotted line, got a check, now everything is great  
Now, it's time to get back talking  
God in everything you saying  
D-boys moving work, and I'm praying for em' cuz' they kin to me  
I know ex-goons preach now, but they still rocking they gold teeth  
People telling me to change up  
I'm too real, they can bite me  
With content like da-da, probably never fit in this industry  
Okay, I reflect greatness  
RMG the movement, I ain't gotta say this

You've been patient, now it's time to break out the cage

We can all get back to the basics

When they know the reason that I'm preaching is Jesus

Alive for him and I'm still killing the beat

It's the glory up inside of us that I'm affecting

That's the reason what you're witnessing is excellence

It's greatness

Greatness

Greatness

Greatness Okay, while we here and I got the mic

Let me go ahead and get some things straight

Reach Records, that's they business, don't ask me for no update

Crae' still my dawg, wish him well

I just talked to him last Monday

But, it's RMG till I D-I-E, you can put that on my grave

I had to realize what's inside of me

For all of the people that lied to me

For all of the people that said I would fall off

Oh boy, what a time to be alive

I wrote this for everyone feel like they counted out

You need to look in the mirror and tell yourself

It's time to be who I am now

Greatness Greatness

Greatness
