Falling Down

Mandy Harvey

I know I'm falling again I see the ground approaching
Maybe if I close my eyes ill fly away
But I fall again
I fall again
I fall again, fool heartedly
And as I slip in through the sky I wish the clouds would catch me
So I can stay up high and view the world from above
But I fall again
I fall again
I fall again, fool heartedly?????
I dream
when I first saw your smile I tumbled blindly on
always hoping that this time we would go hurry on
falling down
were falling down
were falling down, fool heartedly
????
I dream
I know I'm falling again I see the ground approaching
