## Benjamin Francis Leftwich

I see I'm a long, long way from where I am supposed to be  
And frankly I'm still happy here  
I know where I'd rather be  
So whether you're lonely like the sun  
Or you rely on everyone  
There's no need to be lonely  
There's no need to be low  
We're lines and maps and cities and songs  
Feel fear the closer it comes  
Till I don't know how it feels  
Till I don't know how it feels  
Till I don't know  
A million miles from anywhere  
But anyway  
I don't deny the more you see  
The more I try to change your mind  
So whether you're lonely like the sun

Or you rely on everyone  
There's no need to be lonely  
There's no need to be low  
We're lines and maps and cities and songs  
Feel fear the closer it comes  
Till I don't know how it feels  
Till I don't know how it feels  
Till I don't know  
But I'm here whenever you say  
Ever you say  
Oh, little by little she blows  
And that's the end of it  
And little by little she blows  
And that's the end of it
