

I Can't Make You Dance

Black Eyed Peas

I cant make you dance
I cant make you dance
I cant make you dance
I cant make you dance
I cant make you dance
I cant make you danceI didnt come here to stand around
I came to get down
Tell the DJ blast that sound
Vibrate the ground
Mother F****er just turn it up
Loud as F**k
Hit me with music, music
And I will danceMake me dance
Standing in the B boy stands
Electro got me moving
Call up the ambulance
I cant stop moving
Im in a trance
Deon beonce standard phone
Make it fastI cant make you dance
Make you want me too,
I cant make you dance
Make you want me too,
I cant make you dance
Make you want me too,
Dance dance dance dance danceHow can I make you dance?
How can I make you dance?
How can I make you dance?
Make you dance, make you dance
How can I make you dace?
Oohhh, will you dance?Come on Dj, go and drop it
Move that body to the sound
Everybody dance the topic
Get them feet above the ground
Jump up and down to the music
Getting through it, do it now
Aint got time to waste
This aint a place to stand aroundDance, come on people
Move your body to the beat

Dance, come on people
Rock your body, move your feet

Move your body to the beat
Dance, come on people
Rock your body, move your feet I can't make you dance
Mae you want me too,
