

# Nothing But A Heartbeat (Free n Losh remix)

## Say Lou Lou

You used to touch, I used to feel  
The shivers down my neck when you kissed me  
Were they real? You took the hope and left me empty  
And then you cry, please, please  
But you and I bleed, bleed Hoo ah, hoo ah nothing but a heartbeat  
Hoo ah, hoo ah nothing but a heartbeat  
I've got no air in my lungs  
Got no bones in my body  
There's nothing left inside of me Hoo ah, hoo ah nothing but a heartbeat They're only words, but words can kill  
You wonder when he hits you where it hurts  
Is he doing it for the thrill? My hands are numb and I can't feel a thing  
But still you try, please, please  
And you and I bleed, bleed Hoo ah, hoo ah nothing but a heartbeat  
Hoo ah, hoo ah nothing but a heartbeat  
I've got no air in my lungs  
Got no bones in my body  
There's nothing left inside of me Hoo ah, hoo ah nothing but a heartbeat Hoo ah no love, no fear  
Nothing but a post left here Hoo ah, hoo ah nothing but a heartbeat  
Hoo ah, hoo ah nothing but a heartbeat  
I've got no air in my lungs  
Got no bones in my body  
There's nothing left inside of me Oo ahh, oo ahh  
Nothing but a heartbeat
