No Beef

Murda Mook

I won't break down tonight.
I feel it for the first time.
I feel it for the first time.
I won't break down tonight.
I feel it for the first time.
I feel it for the first time.
I won't break down tonight.
I feel it for the first time.
I feel it for the first time.

I found a new place here.
I'm coming down fast.
I found a new place here.
I'm coming down fast.
I found a new place here.
I'm coming down fast.
I found a new place here.
I'm coming down fast.
