Do You Feel What I Feel?

JLS

Put your hands up
there's a girl dancing dirty over there
do you see what I see?
the way she moves I just had to stop and stare
do you see what I see?
there's a DJ playing all our favorite songs
do you hear what I hear?
we've been drinking so we ought to sing along
do you hear what I hear?Dancing with you is so easy 'cause you're beautiful
you make it hard for me girl every time we're on the floor
I wanna kiss you 'cause i gotta know that tonight is realDo you feel what I feel?
do you feel what I feel?
do you feel what I feel?
The speakers killing the club
do you feel what I feel?
two people falling in love
Now the bartender's turning on the lights
do you see what I see?
got my car and it's waiting outside
you should leave when I leaveDancing with you is so easy 'cause you're beautiful
you make it hard for me girl every time we're on the floor
I wanna kiss you 'cause I gotta know that tonight is realDo you feel what I feel?
do you feel what I feel?
do you feel what I feel?
the speakers killing the club
do you feel what i feel?
two people falling in loveCan you feel the temperature rising
can you feel the drink in your cup
let me cast a beat and we'll ride it
go ahead and put your hands up
Can you feel the temperature rising
can you feel the drink in your cup
let me cast a beat and we'll ride it
go ahead and put your hands upPut your hands in the air baby
put your hands up
JLS, do you feel what I feel put your hands up
put your hands up, put your hands up
put your hands upDo you feel what I feel?
the speakers killing the club

do you feel what I feel?
two people falling in love
do you feel what I feel?
the speakers killing the club
do you feel what I feel?
two people falling in love
do you feel what I feel?
two people falling in love
two people falling in love
two people falling in love
do you feel do you feel
do you feel what I feel?
do you feel what I feel?
do you feel what Ifeel?
