Breakdown

Plain White T's

I've seen a man cry, I've seen a man shout out
Afraid of losing the woman he loves
I've seen a woman lying to her man flat out
About who she's beddin' with and where she was
I've seen a low fire and tried to figure it out
This fighting isn't going anywhere
I've seen a child's eyes watching his parents freak out
I know they see him but they just don't care
It won't stop if they don't stop yelling
It's not the way of working your problems out
I can't stand being around this yelling
So I'm finding my way out
I'm gonna drive and never ever slow down
I'm gonna drive until I breakdown
Packing my things and getting out of this town
I'm gonna drive until I breakdown
I've seen a child's eyes, I've seen him living in doubt
Not ever knowing what it's like to be in love
I've seen his friends try nd just to help him get out
He never told them what the problem really was
I've seen a suicide they couldn't figure it out
He blamed himself because they couldn't get along
I've seen his parents' eyes trying to figure it out
Where did our baby go and what went wrong?
It won't stop if they don't stop yelling
It's not the way of working your problems out
I can't stand being around this yelling
So I'm finding my way out
I'm gonna drive and never ever slow down
I'm gonna drive until I breakdown
Packing my things and getting out of this town
I'm gonna drive until I breakdown
I'm gonna drive until I breakdown
Hold it inside until I breakdown
Not gonna try until I breakdown
Say my goodbyes until I breakdown
Baby, come on
I'm gonna drive and never ever slow down
I'm gonna drive until I breakdown

Packing my things and getting out of this town
I'm gonna drive until I breakdown
I'm gonna drive and never ever slow down
I'm gonna drive until I breakdown
Packing my things and getting out of this town
I'm gonna drive until I breakdown
I'm gonna drive until I breakdown
Hold it inside until I breakdown
