

You Could Make a Killing

[Aimee Mann](#)

(one two three once again go) There is nothing that competes with habit
And I know it's neither deep nor tragic
It's simply that you have to have it So you can make a killing
Oh you can make a killing
Oh you can make a killing I wish I was both young and stupid
Then I too could have the fun that you did
Till it was time to pony up what you bid So you could make a killing
Oh you could make a killing
Oh you could make a killing I could follow you and search the rubble
Or stay right here and save myself some trouble
Or try to keep myself from seeing double Or I could make a killing
Or I could make a killing
Oh I could make a killing
Yeah I could make a killing
I could make a killing
