On My Own

Sylver

So I got this question
Have you changed your mind?
Have you seen the future?
Was it hard to find?
Will you keep on dancing
on the edge of life?
Do you ever wonder how you will survive?I guess I still don't know
Can I make it on my own?
I guess I got to go but can I make it on my own?
I guess it's time to let my feelings show
I guess I still don't know...
But can I make it on my own?When the night is over
And the races run
I'll find the answers
How to come undone
Will you keep on dancing
on the edge of life?
Do you ever wonder how you will survive?2x
I guess I still don't know
Can I make it on my own?
I guess I got to go but can I make it on my own?
I think it's time to let my feelings show
I guess I still don't know...
But can I make it on my own?
