

Love Last Forever

Mando Diao

Losing our minds
Got to take the other side
Stay there while we're on the run
Hiding from our lives
We cling to good old times
When silence was our only word
Ooh my hate is gone
It won't be back for more
So I keep singing my blue eyed soul
I kneel down on the ground
And I call upon a time
Where everyone is seen and heard
Ooh love last forever last forever
Forever in our sweetest dream
Love last forever last forever
Forever in our sweetest dream
Fly oh little pigeon over troublesome sea
I'll be on the other side
Waiting forever, heart full of hope
Oceans in my eyes
Ooh my hate is gone
It won't be back for more
And I keep singing my blue eyed soul
I'm waiting alone with snow far above
And all that I know is my love last forever
My love last forever
Forever
Love last forever last forever
Forever in our sweetest dream
Love last forever last forever
Forever in our sweetest dream
Love last forever last forever
Forever in our sweetest dream
Love last forever last forever
Forever in our sweetest dream
Our love last forever
Our love last forever
Our love last forever
Our love last forever

Forever
Forever
