

# Shopaholic

## Bis

(t-shirts, dresses, books, stickers) the bargain beauty  
(seven inches, shoes, glitter) she loves the sales  
(hairdye, chocolate, toys, pictures) shops for her friends  
(make-up, paper, pens, knickers) shops for herself When in doubt she will just get both  
She's a shocking shopaholic  
Lots of bags, happy all the time  
She's a shocking shopaholic (computer games, notebooks, bags) draws out a plan  
(videos, hairclips, sweets, mags) three for a fiver  
(guitars, jumpers, cds, socks) it is so pleasing  
(keyrings, jackets, lps, hats) tension releasing I've been a happy consumer since 1989  
Tell me when the sales start  
Yes I'm always on time  
I've got a mind like elastic  
But I'm first in line  
You know I have to buy, I need consoling
