Faster

Tub Ring

And I Believe That Before You Die
You Get A Fraction Of A Second
To Explore YourselfAnd In My Life
I've Always Wanted Much More
So In My Time To Explore
I'll Need Much MoreTraffic Is The Enemy
Traffic Is The Enemy
Traffic Is The Enemy
Traffic Is The EnemyOne Hundred And Eighty Six Thousand
Two Hundred And Eighty Two Miles Per SecondTo Live Longer
In The Subatomic Sense
I Must Drive Even Faster
Must Run Even FasterTime Will Cease
The Closer I Get And
On The Shoulders Of Gods
I'll Surpass RegretIt Doesn't Matter How
Minute The Change
Because My Mind Is Smaller
And My Body Is SmallerAt Those Speeds
Time Is Relative And
The More I Understand
The Longer I'll LiveAnd I believe that the key is found
Inside my carTraffic Is The Enemy
Traffic Is The Enemy
Traffic Is The Enemy
Traffic Is The EnemyOne Hundred And Eighty Six Thousand
Two Hundred And Eighty Two Miles Per SecondTo Live Longer
In The Subatomic Sense
I Must Drive Even Faster
Must Run Even FasterTime Will Cease
The Closer I Get And
On The Shoulders Of Gods
I'll Surpass RegretIt Doesn't Matter How
Minute The Change
Because My Mind Is Smaller
And My Body Is SmallerAt Those Speeds
Time Is Relative And
The More I Understand
The Longer I'll LiveI Must Go FasterTo Live Longer

In The Subatomic Sense
I Must Drive Even Faster
Must Run Even FasterTime Will Cease
The Closer I Get And
On The Shoulders Of Gods
I'll Surpass RegretIt Doesn't Matter How
Minute The Change
Because My Mind Is Smaller
And My Body Is SmallerAt Those Speeds
Time Is Relative And
The More I Understand
The Longer I'll Live
