

# Diggin On Da D-L

## Esham

[Esham]

Can I dig ya on the D-L?

Pure satisfaction

Tricks B-Real

Time for some action

I'm one of them niggaz that don't smile

But fuck that pussy like it's goin out of style

For a while I've been gone, but I'm back

I kept the supersperm trapped in the jimmy hat

I gotta bitch I been dyin to fuck

So many niggaz tryin to fuck

In line to fuck

Baby girl, got it goin on

Hit the motel, to the break of dawn

Late night with my late night freak

Nigga on the creep once the city fall asleep

I like to dig these hoes, dig this here

I bust a nut in a magic trick then disappear

But you still unaware, cause you blind hoe

You out yo mind hoe

So stop diggin on the down low [chorus]

He wanna dig it, dig it

She wanna dig it, dig it

We wanna dig it on the down low repeat 1x Now it's alot of hoes in my city

And this shit's true

Everybody's fuckin

But who's fuckin who

I gotta watch the bitch with the big, fat butt

Cause she want the nigga with the big, fat nuts

A man is measured by the things that he has

And if you ain't got shit

Well I guess you ain't shit, unless

Yo game is tight

Yo name is right, wrong you can get the bitch for the night

Cause Cash Rules Everything Aruond Me

Money make a bitch pull her panties down, G

And yo, you just don't know

It could be your hoe, yo

So stop diggin on the down low [chorus] 2x Niggaz wanna dig what I dug when I dig it

Some wanna squig what I squig when I squig it  
So dig it  
I'm wicket  
And ain't nothin like cheap sex, love is free  
But a bitch gotta pay me  
Ain't nothin goin on but the rent  
Love's like time cause it all gets spent  
On bul
