

Dance of the Spider

Emezie Okorafor

all is lost
deep inside
canâ€™t escape
spider eyes

all is lost
cannot hide
canâ€™t escape
the ear inside

eight legs, one heart, makes nine
spider eggs inside your mind
sheâ€™s unimpressed with space, rhyme, and time
youâ€™re not scared? donâ€™t lie
are you gonna try to run?
try in vain to spoil spiderâ€™s fun?
or maybe baby will embrace all that sin
open up and let spider in
well, you better take my advice
before you try to break black loaded dice
you better break a sweat
black heart of ice
you better bite your tongue
think on it twice
so, before you take a chance and ask a spider to bed
you better write your dreams down, â€™cause you might wake up dead.

all is lost
deep inside
canâ€™t escape
spider eyes

heart of a spider
loves like a fighter
web of delusion
dance of confusion»¿
