

Build.Destroy.Rebuild.

[Hanni El Khatib](#)

Ain't no future, in the youth
No more culture, within your crew
Yes, all the facts, that you knew
Come someone, tell me what to doGotta build, and destroy
They'll rebuild, and destroy
Gotta build build build, and destroy
They'll rebuild, and destroyOkay mama, please don't cry
'Cause all us boys, yeah we're gonna lie
Yeah, sometimes we're gonna make you sick
Just close your eyes and you won't see shitOh build, and destroy
They'll rebuild, and then destroy
Oh, I'm gonna build build build, destroy
they'll rebuild, and destroyOh wait heads up, in the sky
I said wait wait wait, no please don't hide
C'mon waitThey'll build build build
Oh I say build build build
C'mon mama build build build and destroy
Oh build build build and then make noise
Build, destroy
Oh oh rebuild, destroy
Oh build, and destroy
And build build build oh and destroyAaah aaah aaah aaah
Destroy!
