

Deep Relief

Sundara Karma

This demons not for free
He's gunna cost you some loving
Relinquish deep relief
And when we're tired we can
Chase our desire hooked in
When we're alone and there's no time to hesitate
Take what you love but try to heal
The things you hate
We all lust for
We all need
Another hit from the giving screen
Hold on, hold on
Good things they come and go
And if they don't we're wired to forget
We bare a heavy load
'Cause youth is only ever fun in retrospect
I want it real
I want it real
I want it real
I want it real
When we're alone and there's no time to hesitate
Take what you love but try to heal
The things you hate
We all lust for
We all need
Another hit from the giving screen
Hold on, hold on
All my life
I heard you suffer
Is it wrong
I heard you suffer
Come online
They say it helps the mind
When we're alone and there's no time to hesitate
Take what you love but try to heal
The things you hate
We all lust for
We all need
Another hit from the giving screen
Hold on, hold on
