

Show Business

AC/DC

You learn to sing
You learn to play
Why don't the businessman
Ever learn to payCHORUS:
That's show business
Show bizness
Show bizness
That's the way it goesYou play in halls
You play in bars
You're climbin' walls
Chasin' starsCHORUSYou pay the men
You pay your dues
When it's all gone
You sing the bluesCHORUSYou wanna roll
You wanna rock
But you find it hard
If your guitar's in hockCHORUSWe smoke our butts
They smoke cigars
We drown in debt
They drown in barsCHORUSYou pull a chick
Take her home
No use, man
You're worn out to the boneCHORUS
