Blink 182

I would do anything
And that's what scares me so bad
Don't want to live my life alone
Don't want to go back to what I hadDon't want to spend my life
Without all those special things
Don't want to walk around
Being tied to, anyone else'sStrings, strings, strings, stringsI would do anything
And that's what scares me so bad
Don't want to live my life alone
Don't want to go back to what I hadDon't want to spend my life
Without all those special things
Don't want to walk around
Being tied to anyone else'sStrings, strings, strings, strings
Strings, strings, strings, strings
