Black And Huge

GWAR

GoYou know I'm totally flaccid, I'm just a limp, mega-prick
You know I'm looking for a stupid white chickBecause I'm black and huge
Black and huge, black and huge
Black and huge, black and huge
All the women hate me in the porno boothBut now I see you, your there on the ground
And now you know, yeah, I'm raising a mound
I'm gonna got you, make you erupt
If I could just get out of this cupBecause I'm black and huge
Black and huge, black and huge
Black and huge, black and huge
All the women hate me in the porno booth
