Look Around

David Archuleta

Keep on running
And you'll never get to feel the moment
It's like you're sleeping
'Cause you don't take the time to take it in
Like a train wreck, you're on a mission
Tunnel vision got you blinded
Better slow down before you lose ground
It will happen anyway
Paint it over if your world is gray
When you close your eyes to see the view
You'll miss everything surrounding you
Stop and just look around
Get up and look around
Get up and look around
Get up and look around
You can build your life right on air
What you need will always be there
Stop and just look around
Get up and look around
Get up and look around
Get up and look around you
Oh, oh, oh, look around, look around
Oh, oh, oh, look around, look around
Shut the window tight
But it's raining on the inside
Do you realize you're getting nowhere
That it's all laid out for you?
Cut the ribbon if it starts to fray
When you close your eyes to see the view
You'll miss everything surrounding you
Stop and just look around
Get up and look around
Get up and look around
Get up and look around
You can build your life right on air
What you need will always be there
Stop and just look around
Get up and look around
Get up and look around

Get up and look around you
Oh, oh, oh, look around, look around
Oh, oh, oh, look around, look around
You found a loop hole that you fell in
Now you're treading water
You gotta see the hand
For it to pull you out
When you close your eyes to see the view
You'll miss everything surrounding you
Stop and just look around
Get up and look around
Get up and look around
Get up and look around
You can build your life right on air
What you need will always be there
Stop and just look around
Get up and look around
Get up and look around
Get up and look around you
Oh, oh, oh, look around, look around
Oh, oh, oh, look around, look around
Oh, oh, oh, look around, look around
Oh, oh, oh, look around, look around
