

Grace

Ricky Dillard & New G

Let me take some time to testify about God's grace
Oh grace, Unmerited grace When He died He left us a new covenant and it's called grace
Whoso'er believeth in him shall not perish, unmerited grace If I make it home turn my keys in the door that's
call grace
If I make it inside and everything's alright, unmerited grace He sends His grace always
(s/a) To remind me of His love and tender care
Grace is there
(s/a) Even when I've done wrong
Unemployed, annoyed and feeling void, He sends His grace
God the source can send the resource and that's unmerited grace Problems here, problems there, situations
falling everywhere, He sends His grace
He fixed my heart that was broken apart oh yes, unmerited grace He sends His grace always
(s/a) To remind me of His love and tender care
Grace is there
(s/a) Even when I've done wrong
He sends His grace always
(s/a) to remind me of His love and tender care
Vamp
Grace - is there to cover me
His grace - is there to hold me
His grace - and mercy to aid me
His grace - grace His grace a ways to remind me of His love and tender care
Grace is better even when I've done wrong.
