

Love For Sale

Motörhead

Looking good, stepping out
Looking for romance
Crazy arms, crazy legs
Save me the last dance Hold me tight, make me warm
Give me shelter
Treat me right in from the storm
Helter-skelter You know the way
The game is tough
Need some motivation
To help you get it up 'Cause it's only love for sale
Heart of gold and hard as nails
I can't believe it's legal
To send it through the mail
Only love for sale Call me up, call me back
Call me what you want to
Shoot your shot, shoot the moon
Nothing that you can't do All for me, one for all
Shoulder to shoulder
Here and gone, sure like to ball
Rock an' roller You know the way
Stuff goes around
You need a half nelson
To help you get it down 'Cause it's only love for sale
Heart of gold and hard as nails
I can't believe it's legal
To send it through the mail
Only love for sale Rip it up, rip it out
Shake your money maker
Feels so good, in and out
Real earth shaker Get up close, stroke your bones
Get a grip, babe
Take a trip, take me home
Feel the earth shift, babe You know the way
So get it right
You don't need an airplane
To get you through the night 'Cause it's only love for sale
Heart of gold and hard as nails
I can't believe it's legal
To send it through the mail

Only love for sale
Yes, it's only love for sale
Heart of gold and hard as nails
I can't believe it's legal
To send it through the mail
Only love for sale
