## The Cherry Blossoms

Oh, I don't want you to go  
Oh, please, don't leave me alone, oh  
No, I don't want you to go  
Oh, please, don't leave me alone, oh  
Dear Annett, soon I'll be with you  
Before they know, before the show  
I'm not a whore, I dance no more  
I'll be with you across the border  
Dearest Anastasia  
I'm leaving soon, I'm sorry too  
But burn this letter, burn my picture  
They won't know I've crossed the border  
Love, Victor  
Oh, I don't want you to go  
Oh, don't leave me alone, oh
